## HOW IT WORKS

## INTRODUCTION

GrCamp is an integrated comprehensive software solution developed by Marut Software Solutions which automates and streamlines educational campus activities. This integrated solution provides a platform to maximize resource utilisation for optimized operational efficiency among students, parents, teachers and management.

GrCamp is an extremely user-friendly environment, covers all the basic campus activities of different educational institutions such as

- ▶ **Schools and Colleges**
- ▶ **Professional Institutes**
- ▶ **Coaching Organisations**

GrCamp product is available in multiple variants, providing an affordable entry level and upgradable features to next variants when need grows:

- ▶ **GrCamp Standard**
- ▶ **GrCamp Premium**
- ▶ **GrCamp Premium Plus**

## FEATURES

### MOBILE DEVICE

- ▶ Attendance Management
- ▶ Lesson Plan Management
- ▶ Internal Assessment Management
- ▶ Assignment Management
- ▶ Server Sync Management
- ▶ Academic Time Table View
- ▶ Digital Notice Board

### WEB PORTAL

- ▶ Privilege Based Access To Portal
- ▶ Attendance Report On Finger Tips
- ▶ Lesson Plan For Individual Classes
- ▶ Student Performance On Web
- ▶ SMS Alerts To Parents On Student's Absence
- ▶ Periodic Email To Parents On Classroom Activities / Progress

## BENEFITS

- ▶ Achieve global outlook and exposure for the institution
- ▶ Instant data retrieval through customizable statistical and graphical reports
- ▶ No manual effort to digitize the Attendance
- ▶ Online creation and track of Lesson Plans & Assignments
- ▶ Online creation and view of Seating Arrangements for examinations
- ▶ Principal Dashboard for organisational level status
- ▶ Teacher Appraisal Process
- ▶ Students dashboard for individuals performance status
- ▶ Students Progress Information to Parents on SMS & Email

## About us

A company with more than 20+ Man years of experience in the area of engineering consultancy and product development targeted for medical, telecom, and educational sectors.

Core team consists of likeminded experienced Engineers from reputed organizations. With a proven track record of developing, marketing, and supporting its own products, Marut specializes in offering software product development and services in the diverse areas to customers world-wide.

We strongly believe in building knowledge ecosystems through Industry and Academic collaborations.

We believe in customer satisfaction as our main motto. Constant innovation and continual improvement resulted in development of quality products to stay ahead of technology curve.

## Business Focus

|                                                                                                              |                                                                                                                                     |                                                                                                                                                                               |                                                                                                                                   |                                                                                                                                           |
